Commissioner for Patents

A corrected Appeal Brief was received on March 21, 2008. However, the Appeal Brief remains defective because the Status of the Claims does not identify the status of all the claims, namely claim 13, and because the Summary of Claimed Subject Matter does not identify and refer to all claims on appeal, namely claims 1, 9 and 14, to specification by page and line number or paragraph number and to the drawings, if any. The Summary of Claimed Subject Matter identifies and refers all claims on appeal to drawings only.
